

BEST PRACTICE

1. **Title of the Practice:** 'Annual General Knowledge Competition'
2. **Goal:** To Enhance the Academic Knowledge of Students to a high level.
3. **Aims of the Practice:**
 - A. To prepare students for various competitive examinations.
 - B. To equip students with current affairs and general knowledge.

4. **The Context:**

The college has been organizing the event from academic year 2016-17. We organize this examination at regional level. In last three years we have conducted the following examinations.

- A. The college has conducted competitive examination on 17th July 2016 in collaboration with ShivvidyaPrabodhini Academy, wherein 49 students participated.
- B. In academic year 2017-18, the examination was conducted on 10th March 2017 wherein 74 students participated,
- C. In academic year 2018-19, the examination was organized on 12th January 2019 wherein 121 students including the neighboring colleges participated.
- D. In academic year 2018-19, the special examination on '**Laws Related to Women**' was organized in collaboration with National Commission for Women on 15-12-18 wherein 127 students participated.
- E. In academic year 2018-19, NSS department of the college had conducted the examination on 14/09/2019 wherein 405 students participated.
- F. Department of Botany organizes Online Botany Quiz on Occasion of National Science Day Since 2018-19 to enhance students knowledge of Botany.

5. **The Practice:**

Every year our college organizes the General Knowledge Competition preferably in the month of January/ February. The organizing department/ cell circulates the notice to all colleges in the region. The brochure mentions the nature of examination and the date, time, prizes and syllabus of the examination. The results are immediately declared after the examination and prize winning students are felicitated.

6. Evidence of Success:

This practice has been proving beneficial to the students of this college at great extent. Students are gradually developing their interest in competitive examinations. Keeping in view that no recruitment takes place without competitive examination, the college has decided to continue the practice in future as well by making some modifications and making it suitable for the present need of the students. Online Botany Quiz was helpful for the students to prepare for SET/NET examination as well as to prepare for various Entrance examinations.

7. Problems Encountered:

The percentage of students participating in the event is very low. The challenge before us is how to increase the number of students participating in such event at various levels.
