7.1.1 Measures initiated by the Institution for the promotion of gender equity

Gender Equality

Gender equality, also known as **sexual equality** or **equality of the sexes**, is the state of equal ease of access to resources and opportunities regardless of gender, including economic participation and decision-making; and the state of valuing different behaviors, aspirations and needs equally, regardless of gender.

UNICEF says gender equality "means that women and men, and girls and boys, enjoy the same rights, resources, opportunities and protections. It does not require that girls and boys, or women and men, be the same, or that they be treated exactly alike.

Education deals with formation of habits of human beings. If so, we need education seriously to focus on promoting the equal participation of women and men in making decisions; reducing enrolment gap between women's and men's access; giving equality in learning process, educational outcomes and external results; and providing equal benefits for both sexes.

Gender equity in education means that males and females have equal opportunities in terms of economic, social, cultural, and political developments. If gender equity is exactly achieved this will contribute to future of girls and boys more than approaches men-centered, and girls will get benefits from public and domestic life as much as boy.

LRW ACS College shows gender sensitivity through various initiatives and actions for creating safe, Secure and healthy atmosphere in the campus. Specific initiatives with respect to key areas are as follows:

Safety and security

Safety of girls is a top priority at every college campus. Nowadays, safe and supportive campus community is both an obligation and a challenge for college administrators and students.

Students should be given regular lessons about sexual assault and its prevention from the school level itself so that they become more aware and alert and do not hesitate in taking preventive and safety actions in case such disdainful circumstances are encountered in future. So, following actions have been taken to ensure safety of the girl students.

CCTV Camera

24 hour CCTV surveillance is maintained in the college. It helps to keep a check on antisocial activities. Students and other employees in the college too remain cautious about the surveillance. Discipline is also maintained and it also provides a sense of security to the students and even their guardians. Students wear identity cards at all times to ensure their identity. The institution takes good care of the students in every aspect.

Visitor register

The institute keeps visitor log register to record the details of any person entering the college Premise.
