About the conference

About the International Conference

Dear Sir/Madam,

It gives us immense pleasure to organize the International Conference on "Aquaculture for Rural Development (ICARD-2022)" on May, 07, 2022, under the MoU between the Department of Zoology of the Dadapatil Rajale Arts, Science, and Commerce College, Adinathnagar, Tal. Pathardi, Dist. Ahmednagar Affiliated to Savitribai Phule Pune University, Pune (M.S.), Late Ramesh Warudkar Art, Commerce Science College, Sonpeth, Dist. Parbhani (M.S.), Affiliated to Swami Ramanand Teerth Marathwada University, Nanded (M.S.), Kalikadevi Arts, Commerce and Science College, Shirur (Ka.), Dist. Beed and Milliya Arts, Science & Management Science College, Beed Affiliated to Dr. Babasaheb Ambedkar Marathwada University, Aurangabad (M.S.) to celebrate "Azadi Ka Amrit Mohotsav".

Aquaculture contributes to poverty alleviation as it provides employment to millions of people, both in the sector itself as well as in support services. It also generates income, and as prices for most food commodities fall, fish prices are expected to rise reflecting the imbalance between demand and supply. The various types of aquaculture form an important component within farming systems development that can contribute to the alleviation of food insecurity, malnutrition and poverty through the provision of food of high nutritional value, income and employment generation, decreased risk of production, improved access to the contribution of small-scale aquaculture to sustainable rural development includes, for example, securing food, efficient use of water, farm materials and other resources, creating wealth, diversifying livelihoods, generating rural employment and income, utilizing family labour, fostering social harmony.

The aim of the conference is to bring together scholars, students, and administrators from the various countries, and to discuss theoretical and practical issues in all fields of Aquaculture and its role in Rural development.

Due to continuing COVID-19 restrictions on travel, we have decided to hold ICARD-2022 online mode on May, 07, 2022. The conference which consists of invited talks and free discussion will be an opportunity for students, researchers academicians, farmers, and practitioners to get together and exchange their ideas and experiences through online mode.

About Resource Persons

Horticulture-cum-fish farming

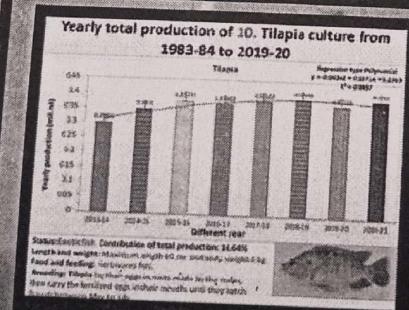

- Horticulture-cum-fish farming system includes the culture of fruits, vegetables and flowers on the embankment of the pond.
- Fruits and vegetables contain various nutritive elements.
- A Research has recommended 85g of fruits and 300g of vegetables to consume daily.

Role of Aquaculture for Rural Development in Bangladesh

Dr. Binay Kr. Chakraborty
Fisheries Scientist & Former Director
Department of Fisheries, Bangladesh
Mobile: +8801715470855
Email: bborty@gmail.com

Contribution of fisheries sector

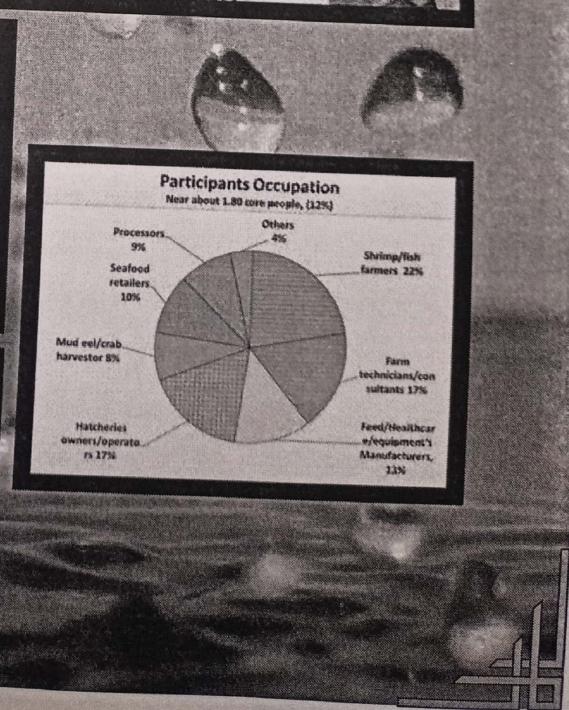

- Fisheries sector playing a very significant role which contributes 3.52 % to the national GDP, 26.37 % to the agricultural GDP and 1.33 % to the total export earnings.
- Fish alone supply 4 g per capita fish consumption of 62.56 g/day in our daily dietary requirement.
- Above 12% of total population is engaged on full and part time basis for their livelihoods.
- The State of World Fisheries and Aquaculture 2018, Bangladesh is ranked 3rd in inland open water capture production and 5th in world aquaculture production (FAO report).

Aquaculture

Culture methods:

- Carp polyculture
- Small-scale polyculture
- Catfish polyculture
- Monoculture (Koi, Pangas, Thai sharptail, tilapia, etc.)
- Cage culture
- Paddy fish culture
- Pen culture
- Integrated Fish Farming
