About the National Conference

The "National Conference on "Innovations in Basic Sciences for Sustainable Development (NCIBSSD-2022)" on January 28, 2022, under the MoU between the Department of Zoology of the Kalikadevi Arts, Commerce and Science College, Shirur (Ka.), Dist. Beed Affiliated to Dr. Babasaheb Ambedkar Marathwada University, Aurangabad (M.S.), Dadapatil Rajale Arts, Science, and Commerce College, Adinathnagar, Tal. Pathardi, Dist. Ahmednagar Affiliated to Savitribai Phule Pune University, Pune (M.S.) and Late Ramesh Warpudkar Art, Commerce Science College, Sonpeth, Dist. Parbhani (M.S.), Affiliated to Swami Ramanand Teerth Marathwada University, Nanded (M.S.) to celebrate "Azadi Ka Amrit Mohatsav" and the "The Year 2022 as the International Year of Basic Sciences for Sustainable Development" cited 'the high value for humankind of basic sciences', and noted that 'enhanced global awareness of, and increased education in, the basic sciences is vital to attain sustainable development and to improve the quality of life for people all over the world by the United Nations, General Assembly has unanimously approved a resolution.

The worldwide fight against the COVID-19 pandemic is rooted in basic sciences; decoding the viral genome, modeling the dynamics of the epidemic, or testing treatments and vaccines wouldn't have been possible without a long-term alliance between life science, chemical science, physical science, and mathematics. The aim of the conference is to bring together scholars, students, and administrators from the country, and to discuss theoretical and practical issues in all fields of Basic Science-related Technologies

Due to continuing COVID-19 restrictions on travel, we have decided to hold NCIBSSD-2022 online mode on January 28, 2022. The conference which consists of invited talks and free discussion will be an opportunity for students, researchers academicians, and practitioners to get together and exchange their ideas and experiences through online mode.

RESEARCH EXPERIENCE

2019 - Till date : Postdoctoral scientist - Université Paris-Saclay, France
Service de Chimie Organique Et de Médecine CEA/Paris-Saclay, Bat. 547-Dr. Eric Dorn, Dr. Etienne Groll and Dr. Ines

- Main research activity: The novel catalytic carbon nanotube polyoxometalate nanocatalyst developed for the process development to prepare key starting materials and performed several organic transformations (C-C, C-O, C-N and C-P) bond formation.
- Key activity involved for the total synthesis of complex organic molecules for the project like optimization of routes for the catalysis of chemical reactions in living cells.
- Postdoctoral research work resulted in 16 peer reviewed articles and 16 oral articles as presenter presentation

2017-2019: Assistant professor - University of Mumbai, India
Department of Chemistry, National College, Mumbai, India

- Main research activity: Delivered knowledge of synthetic organic chemistry and traced in synthesis of organic chemistry. Provided service such as student advising and serving of professional and university core areas of chemistry.
- Committed to support interdisciplinary initiatives in teaching and research with related fields in the College. Participated in the development of research proposals, management of grants and contracts, and evaluation of research projects.

2015-2017: Research scientist - R & D, Unichem Laboratories Limited, India
Centre of excellence, process research and development, Mumbai, Goa

- Main research activity: Worked as a research scientist in process development of the active pharmaceutical ingredients (API) via parametric, regression, desorption response and brepachade. I contributed in reducing the cost of a new drug via reducing the synthetic steps.
- Set API and drug product process development and scale-up. Provided technical resources for drug product development and with various activities. Collaborated with process engineers in design and characterisation process development studies for drug product by using departmental knowledge of scale-up and process principles.
- ICH quality of APIs was achieved and lot to lot as per validation criteria were performed.
- Followed the Good manufacturing practices for the large scale synthesis.

2013-2015: Postdoctoral research fellow - Commissariat à l'énergie atomique / Saclay (CEA), France
Service de Chimie Organique Et de Médecine CEA/Paris-Saclay, Bat. 547-Dr. Eric Dorn, Dr. Etienne Groll

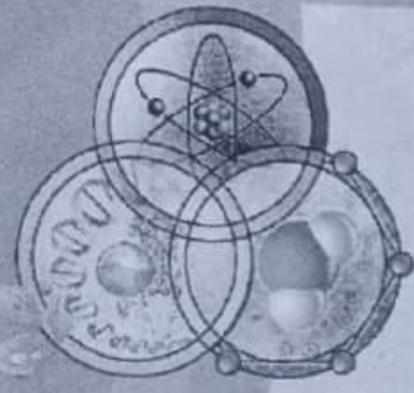

- Main research activity: The main objective was to develop new heterogeneous catalyst: carbon nanotube polyoxometalate with polyoxometalate hybrid and application in various organic transformations and used for the process development of active pharmaceutical ingredients.
- The heterogeneous nano catalysts were prepared and employed for Suzuki coupling, reduction and oxidation. Heterogeneous nano catalyst were successfully reused and recycled.
- Postdoctoral research work resulted in 11 peer reviewed articles.

2012-2013: Research executive - R & D, Unichem Laboratories Limited, India

Initial Remark and Welcome address

Initial Remark of the Conference by Dr. Tamvir Pathan

Good Morning to one and all

First of all, on behalf of the organizing committee of National Conference on Innovations in Basic Sciences for Sustainable Development (NCIBSSD-2022), Organized under (MoU) between Department of Zoology, Kalikadevi Arts, Commerce and Science College, Shirur (Ka.), Dist. Beed Affiliated to Dr. Babasaheb Ambedkar Marathwada University, Aurangabad (M.S.), Department of Zoology, Dadapatil Rajale Arts, Science and Commerce College, Adinathnagar, Tal. Pathardi, Dist. Ahmednagar Affiliated to Savitribai Phule Pune University, Pune (M.S.) and Department of Zoology of the Late Ramesh Warpudkar Art, Commerce Science College, Sonpeth, Dist. Parbhani, Affiliated to Swami Ramanand Teerth Marathwada University, Nanded (M.S.)

we would like to welcome all delegates, participants for the national event. Dear Friends and delegates, The United Nations General Assembly has unanimously approved a resolution proclaiming 2022 as the International Year of Basic Sciences for Sustainable Development. In declaring the International Year of Basic Sciences for Sustainable Development 2022 the United Nations General Assembly cited 'the high value for humankind of basic sciences', and noted that 'enhanced global awareness of, and increased education in, the basic sciences is vital to attain sustainable development and to improve the quality of life for people all over the world'. With this, I would like to extend my sense of gratitude to distinguished Guests. Please allow me to express my sincere appreciation to:

Professor (Dr.) Baban Shrivastav Ingole, Visiting Scientist & Professor, Hydrothermal Studies, National Centre for Polar and Ocean Research (NCPOR), Ministry of Earth Sciences, Govt. of India,

Dr. Meghnad Ganesh Joshi, Associate Professor, Department of Stem cells and Regenerative medicine, D.Y. Patil University, Kolhapur

Dr. Dhnanaji Vasantrao Jawale, Post-Doc Scientist (since 2019), University Paris-Saclay France assistant Professor, Department of Chemistry, Kishu Deyanra & Sethi Havasara National College & Sethi W. A. Science College Bandra (W) Mumbai-34.

For joining of this national event, I welcome all of you and hope that today's event will serve as a catalyst for strengthening national cooperation on the transfer of innovative expertise.

Today we have about 200 participants joining this webinar and the participants come together here to discuss on Innovations in Basic Sciences for Sustainable Development. I hope that we able to conclude certain agendas in this webinar.

I am sure that we will have fruitful and rewarding exchanges in this webinar. I wish you every success with this important webinar and I look forward to learning outcome of the webinar.

Before I take my leave of you, I would like to remind you and especially our moderators to stick to our time schedule and not to let any session overrun. I sincerely hope you will enjoy today's debate and networking. Thank you for your participation.

Welcome Address of Principal Dr. Sanjay K. Tupe

Good Morning to one and all

First of all, I am thankful to Hon'ble Shri. Jaydatta (Anna) Kohirsagar, Secretary, Ashish Shikshan Sanstha, Beed, and Hon'ble Shri. Appasahab Rajale (Kaka), President, Dadapatil Rajale Shikshan Sanstha, Adinathnagar and Hon'ble Shri. Parmeshwar Kulkarni, President, Hanuman Shikshan Prasarak Mandal, Sonpeth for encouraging us for organizing the One Day National conference on Innovation in Basic Sciences for Sustainable Development.

I would like to extend my sense of gratitude to inaugurator of this conference Professor (Dr.) Baban Ingole, Senior Scientist, National Centre for Polar & Ocean Research, Goa, India for accepting our invitation to inaugurate the national conference and share his view on this topic to our students, research scholars and students. As we know that in this pandemic of COVID-19 we face the problems related to the medical field but our scientist, researchers overcome this situation by innovating the various medicines, vaccines this is because of the research in basic sciences.

I welcome and thanks to Dr. Meghnad Joshi, Associate Professor, Department of Stem Cell, DY Patil Deemed University, Kolhapur and Dr. Dhnanaji Jawale for accepting the invitation in the national conference.

I would like to welcome and thanks to all the delegates, participants those are present on the screen and off the screen for this national event. I am happy for your kind response as I see that near about 200 registrations were done by students, teachers, research scholars lives all over the India.

It is my duty to congratulate my good friends Principal Dr. R. J. Tenkar and Principal Dr. V. D. Sapare for kind support for organizing this event under (MoU) between Department of Zoology of the Late Ramesh Warpudkar Art, Commerce Science College, Sonpeth, Dist. Parbhani, affiliated to Swami Ramanand Teerth Marathwada University, Nanded (M.S.), Department of Zoology, Kalikadevi Arts, Commerce and Science College, Shirur (Ka.), Dist. Beed Affiliated to Dr. Babasaheb Ambedkar Marathwada University, Aurangabad (M.S.) and Department of Zoology, Dadapatil Rajale Arts, Science and Commerce College, Adinathnagar, Tal. Pathardi, Dist. Ahmednagar Affiliated to Savitribai Phule Pune University, Pune (M.S.). Hope in future this MoU actively conducts, organizes the scientific events, workshops for students, learners to exchange the ideas in International platforms also.

I am sure that we will have fruitful and rewarding exchanges in this conference. I wish you every success and I look forward to learning outcome of the conference. It is my duty to congratulate Conveners and heads of the department of zoology Dr. T. S. Pathan from our college Kalikadevi Arts, Commerce and Science College, Shirur (Ka.), Dist. Beed, Dr. Santosh Rankhamb from Late Ramesh Warpudkar Art, Commerce Science College, Sonpeth, Dist. Parbhani, and Dr. Anil Chaurpagan, from Dadapatil Rajale Arts, Science and Commerce College, Adinathnagar, Tal. Pathardi, Dist. Ahmednagar.

I sincerely hope you will enjoy today's debate and networking. Thank you for your participation.

-Dr. Sanjay Tupe

University, Nanded; Kalikadevi Arts, Commerce and Science College, Shirur (Ka.), Dist. Beed, Affiliated to Dr. B.A.M. University, Aurangabad and Dadapatil Rajale Arts, Science and Commerce College, Adinathnagar, Tal. Pathardi, Dist. Ahmednagar, Affiliated to S.P.P. University, Pune.

Inauguration Speech of Professor Dr. Baban Ingole

Firstly I congratulated the Principals of the colleges and conveners of the conference under MoU of the Department of Zoology on "*Innovations in Basic Sciences for Sustainable Development*". This is the platform to come together to share our scientific and social problems, and it is our duty to promote basic science research and finding for social welfare. The rapid increase in population creates more problems about healthy food and medicines, to cope with this problem the research in basic sciences is very much important.

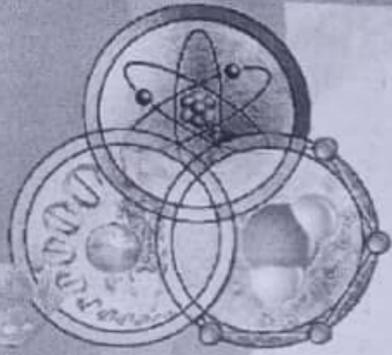

For sustainable development, we should develop a new area of basic research and actively participate to connect the dots of the scientific and social networks in the "*Green and Blue Revolution*" to come together for sustainable development for the future and this is how we celebrate the "*Azadi ka Amrit Mahotsav*".

In this scientific gathering, I recommended that the government should initiative to protect the agricultural land along with the aquaculture development which means we should go with "*Agriculture and Aquaculture Land (AAL)*" to fulfill the healthy food, medicine, and jobs for the future.

Session-I

Dr. Meghnad Ganesh Joshi
Associate Professor, Department of Stem cells and Regenerative medicine & Medical Biotechnology, D.Y. Patil Education Society, Deemed to be University, D.Y. Patil Vidyanagar, Kasba Bawda, Kolhapur.

Topic: Stem cell and regenerative medicines for Human Welfare

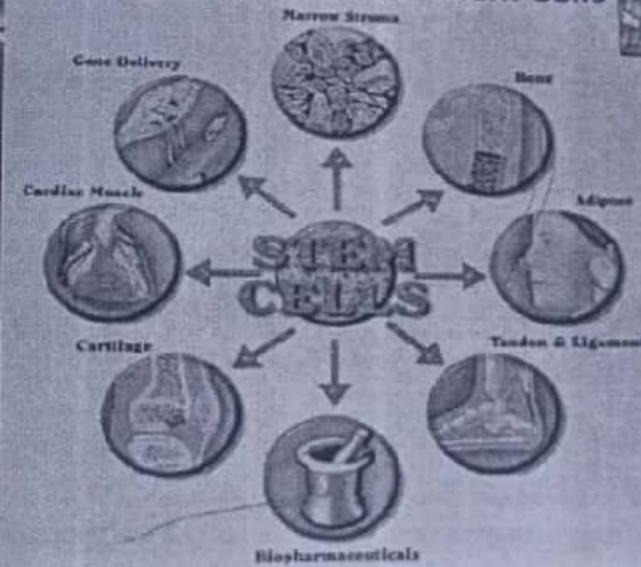

D. Y. PATIL UNIVERSITY, KOLHAPUR (DEEMED UNIVERSITY)

Stem cell and Regenerative Medicines for Human Welfare

Dr. Meghnad G. Joshi
Associate Professor,
Department of Stem Cells & Regenerative Medicine

Potential applications of Stem Cells

Session Remark gave by Dr. J. N. Nehul on the half of Chairperson Principal Dr. Rajdhar Temkar

Importance of Stem Cell Research

- ◆ Stem cells allow us to study developmental biology.
- ◆ Stem cells can replace diseased or damaged cells that can not heal or renew themselves.
- ◆ Test different drugs and chemicals on stem cells.
- ◆ Better understanding of our "genetic machinery."

Medical Procedures

Custom hearing aids and braces.
Body parts, including ears, hips and even organs, in exact proportions to fit the patient
In February 2012, surgeons successfully implanted an entire titanium jaw, made with 3D printing, in an elderly woman
