7.3 - Institutional Distinctiveness

7.3.1 - Portray the performance of the Institution in one area distinctive to its priority and thrust within 200 words

The thrust area of the institution is to provide higher education to rural masses in general and girls to particular. Sonpeth is a remote place detached from the other Talukas and District in respect to means of transportation and government offices, facilities etc. Even today, there are many villages where the students have no access to reach to college. Hence "Reaching to the Unreached" is the very mission of our institute. Ours is a co-education college where we do have multi faculties i.e. Arts, Commerce and Science faculties. We have distance education center B. A. and M. A. for those who are out of stream of education since long and want to continue the higher education. Besides the priority areas, our institute performs in the area of student adoption. Our students come from the agrarian families who are not financially so sound. Most of the students are unable to pay their admission fees and couldn't afford to come to college by

bus. We have a student adoption cell along with mentor mentee committee to find out such students who are in dire need to support financially for various purposes. After identifying the needy and genuine students, the coordinator puts the matter in monthly meetings and the faculty members adopt such students and help financially and council them throughout the year. The committee keeps its record but never make it public so that the self-respectof the student must not get hurt due to such events.
